The War over P2P	94
6. Listening to Internet Radio	97
Broadcast Radio	97
How Internet Radio Works	100
Software for Internet Radio	103
Tuning In	105
Internet Radio Services	107
7. Music on the Move	111
From Rio to iPod and Beyond	112
Portable Digital Audio Players	113
Purchasing a Player: What to Look For	119
Getting Music onto the Player	124
Digital Audio for Your Car	130

Part III: The Nuts and Bolts of Digital Audio

8. Understanding Digital Audio	137
Sound Waves	138
Analog Audio	140
Digital Audio	142
Compression	149
File Sizes	151
9. Digital Audio Formats	155
Formats and Standards	156
Lossless Formats	159
Lossy Formats	160
High-Resolution Formats	163

10. MPEG Audio	167
The MPEG Committee	167
Types of MPEG Audio	169
Perceptual Encoding	171
Embedded Data	175
Sound Quality	178

Part IV: Capturing and Editing Audio

11. Recording and Ripping	183
Hard Disk Recording	183
Inside Your Sound Card	186
The Recording Process	191
Recording with a Jukebox Program	196
Ripping	199
12. Make Your Own MP3 Files	205
Different Paths to MP3	205
Encoding	207
Controlling Sound Quality	209
Creating MP3s with Your Jukebox Program	212
Format Conversion	217
13. Editing Audio	221
Editing Software	222
Working with Waveforms	223
Digital Signal Processing	232
Noise Reduction	240
Samples and Loops	243
Analyzing Sound	245
14. Digitizing Your Records and Tapes	247
A Brief History of Records	247
From Analog to Digital	250
Before You Record	252
Making the Recording	256
Removing Noise	259
Record Equalization	269

Part V: Sharing and Distributing Your Music

15. Burning Your Own CDs and DVDs	273
Types of CDs	274
CD Formats	275
CD Capacities	278
Purchasing CD Media	278
CD Recording Software	282
Tips for Successful Burning	283
Recording Options	285
Burning CDs with a Jukebox Program	288
Recording DVDs	294

16. Setting Up an Internet Radio Station	297
Understanding Internet Radio	298
Building an Internet Radio Station	299
Setting Up Your Own Station	305
17. Digital Audio and Copyright Laws	317
Copyright Basics	318
Copyright Laws in Action	321
Quick Guide to U.S. Copyright Laws	329
Glossary	331
Index	345
